

# Save the Date!

## Wednesday, September 27, 2017

Are you a scientist who works with the planning community, or would like to?  
Would you like to improve your communication skills?

**Join us for a workshop geared to bridge science communication to municipal planners.**

Register here: <https://goo.gl/forms/18VhufMQ2W3SNuPz1> AICP event: #9132153

Join us for a workshop on September 27 that will focus on building bridges between the science and municipal planning communities. A lively day of panel discussions and interactive exercises will bring engaged scientists together with planners, floodplain managers, and other local decision makers to explore resiliency issues and planning needs.

Location: *University of Texas Marine Science Institute, 750 Channel View Drive, Port Aransas, TX 78373*
